

Cam Variable Lift Systems/Active Fuel Management and Advanced Variable Valve Timing

Monday November 5th, 2018

Semo Automotive Warehouse

606 Commercial St. Cape Girardeau

This seminar is intended for engine mechanical and engine performance technicians. The seminar will familiarize technicians with some of the latest engine technologies found on today's vehicles. The seminar will cover operation and unique service procedures related to each system. Topics covered include: Camshaft variable valve lift systems, Active fuel management, Variable valve timing(VVT), Spline phaser systems and Vane phaser Overhead cam (conventional and magnetically) controlled systems.

Please call 877-332-1720 for reservations

Food provided at 5:30 P.M. Meeting starting at 6:00 P.M.

These classes are made possible by choosing ACDelco Parts
