

Chassis Dynamics

Wednesday September 5th, 2018

at ACDelco GM Training Center

4407 Meramec Bottom Road – Just East of I-55

Intended for the experienced technician, this seminar will explore the symptoms and corrective actions needed to address abnormal ride and handling concerns. Special attention will be paid to electronic ride control systems, conventional steering and suspension systems, modified vehicles, alignment geometry, yaw control and dynamic steering, and required calibration/programming procedures.

Please call 314-544-9191 for reservations

Food provided at 5:30 P.M. Meeting starting at 6:00 P.M.

These classes are made possible by choosing ACDelco Parts
