

## Cam Variable Lift Systems/Active Fuel Management and Advanced Variable Valve Timing

Wednesday November 7<sup>th</sup> , 2018

**Lowe Automotive Warehouse**

**1000 Camera Avenue Crestwood**

This seminar is intended for engine mechanical and engine performance technicians. The seminar will familiarize technicians with some of the latest engine technologies found on today's vehicles. The seminar will cover operation and unique service procedures related to each system. Topics covered include: Camshaft variable valve lift systems, Active fuel management, Variable valve timing(VVT), Spline phaser systems and Vane phaser Overhead cam (conventional and magnetically) controlled systems.

**Please call 314-544-9191 for reservations**

Food provided at 5:30 P.M. Meeting starting at 6:00 P.M.
